Célere Vitta Nature is located in the municipal district of Mijas, on the Western Costa del Sol, a town that combines to perfection sun-and-beach tourism and its residential character.

Its privileged geographical location, between the sea and the hills, endows it with countless attractions. The climate is very mild in winter and moderately hot in summer.

The sea of the coast of Mijas has great biodiversity, with a large number of Atlantic and Mediterranean species.

Gastronomy

Mijas' gastronomy is very rich and varied, offering a contrast between the traditional Andalusian image and an adaptation to new trends, without losing the essence of these lands.

Its coastal location provides all types of fresh fish and seafood that reach the ports every day, served with the sweet wines of the Denomination of Origin Málaga and Arab-style pastries.

In addition, you can enjoy restaurants of recognised prestige that create dishes made with top-quality local produce.

A place with a cultural tradition

The Mijas Cove boasts a historical heritage that is reflected in its four towers: the Torre de Calahonda, the Torre Batería de la Cala del Moral, the Torre de Calaburras (16th century) and the Torre Nueva de la Cala del Moral (19th century).

In its old town you will discover many places to visit, such as the remains of the Arab Wall or the Chapel of the Virgen de la Peña.

Other places of historical note are the Flour Mill, the Historical-Ethnological Museum or the Contemporary Art Centre.

Homes that build **your future**

The homes combine versatility and comfort thanks to their optimised open spaces. An example of this are the kitchens with an island, open and integrated into the living room. The bedrooms have a direct exit to the terraces to enjoy the breeze at moments of relaxation.

In the top-floor apartments, the terraces are more spacious and have panoramic views of the Mediterranean Sea, while those on the ground floor have a private garden.

All the materials selected meet the highest standards of quality to offer you a modern aesthetic in line with Mediterranean design.
